In the event that quotations or comparative pricing from unrelated third parties cannot be obtained for the proposed RRPTs, the management will rely on their usual business practices and their market knowledge of prevailing industry norms bearing in mind the urgency and efficiency of services to be provided or required to ensure that the RRPTs are not detrimental to the Company and/or the Group;

The ARMC is of the view that the Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner. The ARMC shall review these procedures and processes at least once a year. This is to ensure that the RRPTs are not detrimental or prejudicial to the minority shareholders of the Company.

3. Rationale for and Benefit of the Proposal

The RRPTs entered or to be entered into from time to time by SHB Group are in their ordinary course of business. They are recurring transactions of a revenue or trading nature which provides business opportunities and increase the order book of the Group and are likely to occur with some degree of frequency and arise at any time and from time to time. These RRPTs may be constrained by the time-sensitive nature and confidentiality of such transactions, and it may be impractical to seek shareholders' approval on a case to case basis before entering into such transactions. As such, the Company is seeking its shareholders' approval for the Proposed Shareholders' Mandate pursuant to Paragraph 10.09(2) of the Listing Requirements to allow the Group to enter or continue to enter into the RRPTs.

The Proposed Shareholders' Mandate is to ensure continuing day-to-day operations of the Group. By obtaining the shareholders' mandate on a manual basis, this will reduce substantial administrative time and expenses associated with the convening of general meetings from time to time to seek shareholders' approval of each transaction while still maintaining the objective of keeping shareholders informed of the extent of the RRPTs occurring within the Group.

It should also be emphasized that the Related Party is not under any obligation to enter into transactions with the Group and vice versa. Ultimately, all business transactions are entered into with the intention of profiting from market situations within normal trade practices. Therefore, external market prices and conditions are important factors that determine transaction prices between the Group and the Related Party. The Related Party has been a reliable supplier and/or customer of SHB Group. The RRPTs entered into by SHB Group as detailed in Section 2.5 of this Circular will meet SHB Group's business needs at the best possible terms and is in the best interest of SHB Group.

4. Effect of the Proposal

The Proposals are not expected to have any material impact on the share capital, substantial shareholders' shareholdings, earnings, gearing and NA of the Company.

5. Approval Required

The Proposals are subject to the approval being obtained from the shareholders of the Company at the forthcoming AGM or any adjournment thereof.

6. Interests of Directors, Major Shareholders and/or Persons connected with them

Save as disclosure below, none of the other Directors, Major Shareholders or Person(s) connected with them has any interest, in the Proposed Shareholders' Mandate:

Interested Director	Direct		Indirect	
	No. of Shares	%	No. of Shares	%
Dennis Ho Chin Chye ⁽ⁱ⁾⁽ⁱⁱ⁾⁽ⁱⁱⁱ⁾	—	—	—	—

Note:

i. General Director of SJS with shareholding of 35.75%

ii. Dennis Ho Chin Chye owned 100% shareholding of VSPL

iii. General Director defined the same meaning, role and responsibilities as Managing Director of the Company. It is a common title used to define a Managing Director in Vietnam companies

The interested Director, Mr Dennis Ho Chin Chye has abstained and will continue to abstain from all Board deliberations and voting in respect of the Proposed Shareholders' Mandate in subsidiary level, i.e. SJS. Further, he will abstain from voting in respect of his direct and/or indirect interests on the resolution approving the Proposed Shareholders' Mandate at the forthcoming AGM in subsidiary level, i.e. SJS. He has also undertaken to ensure that the persons connected to him, if any, will abstain from voting in respect of their direct and/or indirect shareholdings in the Company on the resolution approving the Proposed Shareholders' Mandate at the forthcoming AGM in subsidiary level, i.e. SJS.

STATEMENT TO SHAREHOLDERS IN RELATION TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1. Introduction

On 9 April 2021, it was announced that the Company intends to seek the approval of its shareholders for the Proposed Renewal at our forthcoming AGM.

THE PURPOSE OF THIS STATEMENT IS TO PROVIDE YOU WITH RELEVANT INFORMATION FOR THE PROPOSED RENEWAL AND TO SEEK YOUR APPROVAL FOR THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED RENEWAL TO BE TABLED AT OUR FORTHCOMING 14TH AGM, WHICH WILL BE HELD AT LEVEL 3, LOT 6, JALAN SUNGAI KAYU ARA 32/39, SEKSYEN 32, 40460 SHAH ALAM, SELANGOR DARUL EHSAN, FRIDAY, 28 MAY 2021 AT 10.30 A.M.

YOU ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS OF THIS STATEMENT BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL TO BE TABLED AT THE FORTHCOMING AGM

2. Details of the Proposed Renewal

The Board proposes to seek the approval from the shareholders of the Company for the Company to purchase and/or hold up to 27,200,000 SHB Shares representing ten percent (10%) of the existing issued and paid-up share capital of our Company subject to compliance with Section 127 of the Act, the Listing Requirements and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities.

The approval from the shareholders of the Company for the Proposed Renewal shall be effective immediately after the passing of the ordinary resolution to be tabled at our forthcoming AGM and will continue to be in force until:

- (i) the conclusion of our next AGM, at which time the authority will lapse unless renewed by ordinary resolution, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which our next AGM after that date is required by law to be held; or
- (iii) the authority is revoked or varied by ordinary resolution passed by our shareholders in a general meeting;

whichever occurs first.

The approval for the Proposed Renewal does not impose an obligation on our Company to purchase its own Shares. Rather, it will allow our Board to exercise the power of our Company to purchase its own Shares at any time within the abovementioned time period.

2.1 Quantum and funding

Our Board is proposing to seek a mandate from our shareholders to purchase up to ten per cent (10%) of its issued and paid-up share capital of our Company at any point in time subject to the compliance with the provisions of the Act and the requirements of Bursa Securities and/or any other relevant authorities.

For illustration purposes, the maximum number of Shares that may be purchased under the Proposed Renewal based on the existing issued and paid-up share capital as at LPD are as follows:

	No. of Shares
Issued and paid-up share capital as at LPD	272,000,000
10% of the enlarged issued and paid-up share capital	27,200,000
Maximum number of Shares that may be purchased pursuant to the Proposed Renewal	27,200,000

The purchase of the Shares by our Company from the open market on Bursa Securities will be made through a stockbroker appointed by our Company.

Shares to be purchased by the Company pursuant to the Proposed Renewal will be funded from internally generated funds and/or bank borrowings. Under the Listing Requirements, the maximum funds to be utilised for the purchase of SHB's own Shares cannot exceed the level of retained profits of the Company.

Based on the latest Audited Financial Statement of SHB as at 31 December 2020, its retained earnings stood at **RM78,146,132.00**

Accordingly, our Directors shall allocate an amount of funds which will not be more than the total amount of the retained profits in respect of any purchase of our own Shares pursuant to the Proposed Share Buy-Back.

2. Details of the Proposed Renewal (continued)

2.1 Quantum and funding (continued)

The actual number of SHB Shares to be purchased, the total amount of funds to be utilised, details of borrowings, impact on cash flows and the timing of the purchase(s) will depend on the prevailing equity market conditions and sentiments as well as the financial resources available to the Company at the time of the purchase(s). In the event bank borrowings are taken to fund the purchase of SHB's own Shares pursuant to the Proposed Share Buy-Back, our Board will ensure that our Company has the capability to repay such borrowings and that such repayment will not have a material effect on our Group's cash flow.

2.2 Treatment of Shares purchased

In accordance with Section 127 of the Act, the Shares purchased may be dealt by our Board in the following manner:

- (i) cancel the Shares so purchased; or
- (ii) retain the Shares so purchased as treasury shares and held by our Company; or
- (iii) retain part of the Shares so purchased as treasury shares and cancel the remainder,

the purchased Shares held as treasury shares may be distributed as dividends to our shareholders and/or resold on the market of Bursa Securities in accordance with the relevant rules of Bursa Securities and/or subsequently cancelled.

The actual treatment of the Shares purchased would depend on, *inter-alia*, the prevailing equity market conditions and our financial position at the time of the purchase(s).

Upon each purchase of Shares, an immediate announcement will be made to Bursa Securities in respect of our Board's decision on the treatment of the Shares purchased.

2.3 Regulatory requirements

The Proposed Renewal is subject to compliance with Section 127 of the Act, the Listing Requirements and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of the purchase.

Based on the Listing Requirements, the Proposed Share Buy-Back is subject to, *inter-alia*, the following rules:

- the public shareholding spread of twenty-five per cent (25%) of our total listed Shares (excluding treasury shares) is to be maintained at all times;
- the purchase price of our Shares on the Bursa Securities cannot be more than fifteen per cent (15%) above the weighted average market price for the Shares for the five (5) Market Days immediately before the purchase;
- an immediate announcement will be made to Bursa Securities on any purchase of our own Shares as well as any resale or cancellation of the Shares purchased; and
- if subsequently resold on Bursa Securities, we may only resell the Shares purchased at:
 - (a) a price which is not less than the weighted average market price for the Shares for the five (5) Market Days immediately before the resale; or
 - (b) a discounted price of not more than five per cent (5%) to the weighted average market price of the Shares for the five (5) Market Days immediately before the resale provided that:
 - (i) the resale takes place no earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale price is not less than the cost of purchase of the Shares being resold.

2.4 Ranking of the Shares Purchased

While the Shares purchased are held as treasury shares, Section 127(8) of the Act states that the rights attached to them as to voting, dividends and participation in other distributions and otherwise are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of Shares or of a class of Shares in SHB for any purposes including, without limiting the generality of Section 127(8) of the Act, the provisions of any law or requirements of the Constitution of SHB or the Listing Requirements on substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

STATEMENT TO SHAREHOLDERS IN RELATION TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

3. Rationale and Potential Advantages of the Proposed Share Buy-Back

The Proposed Share Buy-Back if implemented is expected to potentially benefit our Company and you. The Proposed Share Buy-Back would enable our Group to utilise its surplus financial resources to purchase our own Shares when appropriate and at prices which our Board views as favourable. The Proposed Share Buy-Back may stabilise the supply and demand of the Shares and reduce the volatility of our share prices.

The Proposed Share Buy-Back would effectively reduce the number of Shares carrying voting and participation rights (unless the Shares purchased are resold on Bursa Securities or distributed as share dividends). Consequently (whether the Shares purchased are held as treasury shares or cancelled) all else being equal, the EPS of our Company may be enhanced as the earnings of SHB would be divided by a reduced number of Shares. The enhancement in EPS, if any, arising from the Proposed Share Buy-Back is expected to benefit you.

The Shares purchased can be held as treasury shares and be resold on Bursa Securities at a higher price than their cost of purchase and therefore realising a potential gain in reserves without affecting our total issued and paid-up share capital. The treasury shares may also be distributed to our shareholders as share dividends. If the treasury shares are distributed as share dividends, it will serve to reward you.

The Shares purchased may also be cancelled at such time(s) when our Board is of the view that there is excess share capital and wish to reduce the number of Shares in circulation.

4. Potential Disadvantages of the Proposed Share Buy-Back

The Proposed Share Buy-Back, if implemented, is expected to reduce financial resources of our Group. This may result in our Group foregoing better investment opportunities which may emerge in the future and/or any interest income that may be derived from other alternative uses of such funds such as deposit of funds in interest bearing instruments.

As the funds to be allocated for the Proposed Share Buy-Back must be made wholly out of our Company's retained profits, the amount available from these accounts for distribution to you may decrease accordingly.

Nevertheless, the Proposed Share Buy-Back is not expected to have any potential material disadvantages to our Group and you, as it will be implemented only after careful consideration of the financial resources of our Group and its resultant impact on you. Our Board is mindful of the interest of our Group and you and will be prudent with respect to the above exercise.

5. Effects of the Proposed Share Buy-Back

The effects of the Proposed Share Buy-Back on the share capital, NA, working capital, earnings, and shareholdings of Directors and substantial shareholders of our Company are set out below:

5.1 Share Capital

The effect of the Proposed Share Buy-Back on our issued and paid-up share capital will depend on the treatment of the Shares purchased. The Proposed Share Buy-Back will result in a reduction of the issued and paid-up share capital of our Company if the Shares purchased are cancelled.

In the event that the Proposed Share Buy-Back is carried out in full and all the Shares purchased are cancelled, the pro forma effects on the Proposed Share Buy-Back on the issued and paid-up share capital of our Company will be as follows:

	No. of Shares
Issued and paid-up share capital as at LPD	272,000,000
Less: Cancellation of Shares purchased (Assuming the shares so purchased, pursuant to the Proposed Share Buy-Back Authority, are cancelled)	(a) [27,200,000]
Issued and paid-up share capital after the Proposed Share Buy-Back	244,800,000

Note:

(a) Being 10% of the issued and paid up share capital.

However, the Proposed Share Buy-Back will not have any effect on our issued and paid-up share capital if the Shares purchased are retained as treasury shares, resold on the open market or distributed as share dividends to our shareholders.

5. Effects of the Proposed Share Buy-Back (continued)

5.2 NA

The effects of the Proposed Share Buy-Back on our consolidated NA per share would depend on the purchase prices paid and number of Shares purchased.

The Proposed Share Buy-Back will reduce the consolidated NA per Share if the purchase price exceeds the consolidated NA per Share at the time of purchase. However, the consolidated NA per Share will increase if the purchase price is less than the consolidated NA per Share at the time of purchase.

If the Shares purchased are held as treasury shares and subsequently resold on Bursa Securities, the consolidated NA per Share upon the resale will increase if our Company realises a gain from the resale, and vice-versa. If the treasury shares are distributed as share dividends, our Group's NA will decrease by the cost of the treasury shares.

5.3 Working Capital

The Proposed Share Buy-Back, as and when implemented, is likely to reduce the working capital of our Group, the quantum of which depends on the purchase prices of the Shares purchased, the actual number of Shares purchased and any associated costs incurred in making the purchase.

For Shares purchased which are kept as treasury shares, upon their resale, the working capital and the cash flow of our Group may increase with the receipt of the proceeds of the resale. The quantum of the increase in the working capital and cash flow will depend on the actual selling price(s) of the treasury shares and the number of treasury shares resold and any associated costs incurred in undertaking the sale.

5.4 Earnings

The effects of the Proposed Share Buy-Back on the earnings of our Group would depend on the purchase price(s) and number of Shares purchased as well as the effective funding cost to our Company to finance such purchases and/or loss in interest income to our Group if internally generated funds are utilised. The reduced issued and paid-up share capital as a consequence to the Proposed Share Buy-Back will generally, all else being equal, have a positive impact on our Group's EPS.

5.5 Directors' and Substantial Shareholders' Shareholdings

Shares purchased by our Company under the Proposed Share Buy-Back that are retained as treasury shares and/or subsequently cancelled will result in a proportionate increase in the percentage shareholdings of our directors and substantial shareholders. Please refer to Section 6 below for further details.

5.6 Shareholding Spread

The public shareholding spread of our Company according to our Record of Depositors maintained by Bursa Depository as at LPD is approximately 50.44% held by 3,213 public shareholders, each holding not less than 100 shares each.

The Board is mindful of the paragraph 12.14 of the Listing Requirements or such other percentages that Bursa Securities may stipulate, that any purchase of SHB Shares by the Company must not result in public shareholding spread of the Company falling below 25% of its issued and paid-up share capital.

STATEMENT TO SHAREHOLDERS IN RELATION TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

6. Interests of the Directors, Substantial Shareholders and/or Person connected to them

Save for the consequent increase in the percentage shareholdings and/or voting rights in our Company as a result of the Proposed Share Buy-Back, none of our Directors, substantial shareholders or persons connected to them has any interest, direct or indirect, in the Proposed Share Buy-Back.

Based on our Record of Depositors maintained by Bursa Depository as at LPD and assuming the Company implements the Proposed Share Buy-Back in full and that the Shares purchased are from parties other than our Company's directors and substantial shareholders, the effect of the Proposed Share Buy-Back on the shareholdings of the Directors and substantial shareholders as at LPD are as follows:

Name of Director	As at LPD				After the Proposed Share Buy-Back

Note:

(1) Deemed interest by virtue of his spouse's shareholding.

7. Implications of the Proposed Share Buy-Back in relation to the rules

In the event the Proposed Share Buy-Back results in any major shareholder and/or persons acting in concert with him/her ("PACs") trigger the mandatory offer obligation for the remaining Shares not already held by them in our Company under Paragraph 4.01 of the Rules on Take-Overs, Mergers and Compulsory Acquisitions, 2016 ("Rules"), the affected major shareholder and PACs may apply for an exemption to extend a mandatory offer obligation for the remaining Shares not already held by them in our Company from the Securities Commission Malaysia before the said obligation is triggered.

Further, under Paragraph 4.15 of the Rules, the affected major shareholder and/or PACs who trigger a mandatory offer obligation for the remaining shares not already held by them in our Company as a result of the Proposed Share Buy-Back will be exempted from the said obligation subject to the below conditions:

- there is no disqualifying transaction; and
- approval has been obtained from independent holders of voting shares or voting rights of our Company at a meeting of the holders of the relevant class of voting shares or voting rights to waive their rights to receive the mandatory offer from the affected major shareholder and PACs.

Any exemption will be invalidated if the affected major shareholder or PACs have engaged in a disqualifying transaction. Disqualifying transaction refers to an acquisition/a purchase of voting shares or voting rights in our Company (save for subscriptions for new shares which have been fully disclosed in the whitewash circular) before the date on which the authority of the Proposed Share Buy-Back expires, if such acquisitions, taken together with the Proposed Share Buy-Back would cause them to incur a mandatory offer obligation.

Further, it is not the intention of our Company to cause any shareholders to trigger the mandatory offer obligations under the Rules and our Company will be mindful of the above implications of the Rules in making any purchase of our own Shares pursuant to the Proposed Share Buy-Back.

8. Approval Required

The Proposed Renewal is conditional upon your approval at our forthcoming AGM.

9. Purchase, Resale and Cancellation of SHB Shares in the last Financial Year

The Company has not made any purchases of its own shares in the past twelve (12) months preceding the date of this Statement. The Company does not have any resale or cancellation of such shares held as Treasury Shares during the same period.
