

ENVIRONMENT POLICY

It is Samchem's (the Company) policy to conduct its business in a manner that is compatible with the balanced environmental and economic needs of the communities in which it operates. The Company is committed to continuous efforts to improve environmental performance throughout its operations.

The Company will comply with all applicable environmental laws and regulations and manage its business with the goal of preventing incidents and of controlling emissions and wastes to below harmful levels.

The Company will respond quickly and effectively to incidents resulting from its operations, in co-operation with industry organizations and authorized government agencies.

The Company will undertake appropriate reviews and evaluations of its operations to measure progress and to foster compliance with this policy.

The Company will proactively protect and preserve the environment through relevant activities which may include Recycling, Conservation of Energy and Reforestation Excursions.

The Company will continue to engage in corporate social responsibility in giving back to society and in the process, inculcate social awareness behaviour among the staff so that they can make a difference to people and planet.
